NC-APVI

**The North Carolina Association
for Parents of Children with
Visual Impairments**

For parents...By parents

NC-APVI: For parents...By parents

The North Carolina Association for Parents of Children with Visual Impairments is a non-profit organization that enables parents to find information and resources for their children who are blind or visually impaired, including those with additional disabilities.

NC-APVI provides leadership, support and training to assist parents in helping children reach their full potential.

NC-APVI is dedicated to:

- Giving emotional support
- Parent education
- Initiating outreach programs
- Networking
- Advocating for the educational needs and welfare of children who are blind or visually impaired

We are the North Carolina chapter of the National Association for Parents of Children with Visual Impairments, www.napvi.org or call 1-800-562-6265.

Why join NC-APVI?

These are just some of the benefits of joining NC-APVI and NAPVI.

- Networking with other parents through NAPVI's database by eye condition, age, geographic location, education and/or social needs
- Receive the magazine AWARENESS featuring information on the special needs of children with visual impairments, including child development, education, medical updates, personal articles written by parents, and resources available on local, regional, and national levels
- Obtain parent education through conferences, workshops and publications that help you meet your child's special needs
- Become a part of an advocacy group that fosters communication and coordination of services
- Connect with other parents and professionals through the NC chapter, which receives consultative and financial support from NAPVI

“Parents must regard themselves as the long lasting resource and the only consistent persons who continually have the child’s interest at heart throughout their lifetime. NAPVI is a means to help them fulfill that function.”

Lee Robinson
